## WORK EXPERIENCE

**Spårvägen Simförening (SSF), Stockholm — Swimming Instructor**  
NOVEMBER 2017 - PRESENT

As an instructor for Spårvägen Simförening, I have worked on developing swimming proficiency and water familiarity among participants. Through this I have gained valuable experience such as:

**Leadership** – *Take initiative, lead and be responsible for participants’ progress and safety.*

**Teamwork** – *Working with different individuals and learning from others.*

**Punctuality** – *Be on time and plan for unexpected delays.*

**Planning** – *Prepare lessons ahead of time for structured and effective teaching.*

- Leader of the year 2024.

**Swedish Armed Forces – Command and Control Regiment, Enköping — Military Service**  
AUGUST 2021 - JUNE 2022

My service in the military can be viewed as both work experience and education. I have gained skills such as:

**Teamwork** – *Work with others as well as resolve conflicts and disagreements. “The collective over the individual” (You are not finished until everyone is).*

**Time Management** – *Be ready and on time as well as effectively allocating your time.*

**Work under stress** – *Perform well during time pressure and challenging situations, while maintaining a positive attitude.*

- Military Grade: Yes / 3 / 3

**Friendly Foe – Pit Of Goblin, Stockholm — Internship**  
MAY 2025 - DECEMBER 2025

To be filled out!

## GAME DEVELOPMENT

**Minesweeper Extended, Steam (PC)**  
APRIL 2024

Minesweeper Extended is a game I created as a side project during my education at Futuregames. It is based on the classic Minesweeper, but with new and unique additions.

My goal with the game was to challenge myself to recreate the original and see how it could be developed further. Since the games’ release, it has been well-received.

Statistics as of October 2025:

- Over **1124** copies sold.
- Earned over **17 000 SEK** in revenue.
- **82%** positive reviews
